Windy Point Group
Campground
At Lake Dillon**

Clean & Serene CAMPvention

WHAT: The Clean and Serene Group of NA would like to invite everyone to our second annual campout. A back to nature experience in a recovery atmosphere filled with fellowship, recovery discussion, a campfire speaker meeting on Saturday and general fufu, feel good crap.

WHEN: Campground check in starts at 2:00pm, Friday July 11th, 2008
Checkout is 12:00pm, Sunday, July 13th, 2008

WHERE: The Forest Loop of the Windy Point Group Campground Site located on the South east side of Lake Dillon.
Direction: I-70 to Silverthorne exit 205. East on Highway 6 approx. 4 miles to Swan Mountain Road, turn right. Proceed 2 miles to Swan Mountain Recreation Area and take the dirt road to the campground.

NOT A CAMPER: not to worry. There are many, nearby hotels and condo in all price ranges. The closest would be located in Dillon; however Breckenridge and Frisco are within 15 minutes.

JUST FOR TODAY: The site is just over an hour from Denver; please join us on Saturday if that is all the time you can spare.

OTHER ACTIVITIES: The campground is located next to a small boat dock. Fishing is excellent at the lake and we are near the Blue Ribbon stretches of the Blue River. There are many nearby hiking and mountain biking trails. And not to forget, the Ski areas offer summer time lifts for bikes, alpine slides and sightseeing.
