

Mile High Area Service Committee (MHASC)

Meeting Minutes

October 2, 2005

Meeting Called to Order: 1400

Groups in Attendance: 18

September MHASC Meeting Minutes Approved as Presented

Treasurer Opening Report: \$131.11, with current prudent reserve amount of \$0.00. ([See Treasurer's Report p. 17](#))

Nominations to fill Open Position of MHASC Secretary:

Jillian S. had volunteered and was subsequently nominated to fill position by Dan A., Chairperson MHASC. After qualifications presentation and question/answer session, completed by members present, election of Jillian S. as new secretary for the MHASC was carried.

Administrative

Chair Report: First, officially recognized Danielle W., as the new GSRA from *Ain't Dead Yet* for the committee members present. Reported on results of an analysis of the budgetary issues for the MHASC. Pointing out that a negative cash-flow situation continues to exist, due in part to first quarter donations being significantly reduced with increases in first quarter actual expenses from those projected. ([See Chair Report p. 5](#))

Vice-Chair Report: Vice-Chairman continues to want to attend the groups consciousness meetings of any groups extending an invitation. Official invitations were subsequently extended by *Clean & Serene*, *Free at Last*, and *Young at Heart* for their group consciousness meetings for the month of October. ([Vice-Chair report p. 6](#))

Secretary Report: Interim secretary produced an updated E-mail list and requested that all present double-check this list for accuracy. Some groups on the current list have no current contact information present and it was requested that any such groups please add this information to the list, as the list was circulated among the members present. ([Secretary report p. 7](#))

RCM 1&2: One of the main problems brought up by the RCMs at this time, concerns the high price of gasoline at present. Discussions have been made regarding the possibility and practicality to have region in a more centralized location, to greatly cut-down on travel distances required. Questions were also brought up to the committee, regarding the manner in which mileage for gas should be calculated. Two possibilities proposed by members present: adhering to the current Federal standard, or reimbursements for actual gasoline expenditures from treasurer, based on presented receipts.

Questions were also posed, by members of the committees present, regarding rental of space at the convention center for CRCNA XIX. It was reported that the convention center discounts, per contractual agreement, are based upon breakfast and dinner reservations received for the convention (exact numbers of those currently received and the minimum numbers necessary were not available). Secondly, our agreements with the Ramada Inn in Pueblo, CO for the discounts provided were stated as being based upon the achievement of 240 room-nights; presently the information available shows that we are currently at 178/240 needed at this time.

Motion to amend MHASC guidelines to increase the prudent reserve from \$600.00 to \$1,104.00, to accommodate for annual Golden Voice bill (Phone line) of \$504.00. --**Motion tabled** till next month's meeting. 2. Motion to send a PI representative to Western States “Learning Days” in Las Vegas, NV October 28-30, 2005. Had been tabled at September’s meeting, pending outcome of cost/benefit analysis completion. Cost estimates, after analysis, found to be approximately \$400.00.
Motion placed to vote and **defeated** by 16:0 :0.
3. Discussion regarding the sales of excess, non-moving items at CRCNA XIX-- Carried over from September’s meeting. Ad Hoc Committee appointed by Chairman to determine what items to attempt to sell (during the Alternative Sales Period on Sunday October 23, 2005 from 0800-1200).

Sharing:

- Discussion of Outreach Subcommittee’s “12-step Project”. This item moved to next month’s agenda at this time, secondary to compilation of necessary information not yet completed.
- RCMs verbalized concerns re: reimbursement for gas (at current prices) as thy travel to Regional Service Committee meetings. Chair suggested that reimbursement be equivalent to actual gas expenses + additional amount (to be discussed) to account for depreciation of automobiles, etc. *Ray of Light* in favor of either following Federal guidelines, or actual reimbursements distributed (per receipts).
- Suggestion made for greater use of *Behind the Walls* literature, by H&I, as potential alternative to current literature being provided—as possible alternative, potentially resulting in slightly reduced actual expenditures for H&I.

Disbursement of Funds:

- Request motion presented by the Training Sub-Committee Chairperson for \$30.00, to cover the printing of fliers, pertaining to information and education regarding the positions of GSRs and GSRAs: “The positions, their purpose, functions, etc.” These fliers to subsequently be distributed at CRCNA XIX. 3. PI budgetary proposal of \$412.95 for next fiscal quarter reviewed. (Covers contracted items with U.S. West (\$106.70/month) & Dex (\$29.95/month) for NA advertising and web-link support). This contract was reported to have just been renewed for an additional 1-year term.

Discussion Issued:

- *Ray of Light* requested statistical data concerning web-site hits, with comparison to web-link cost.
- Questions asked as to whether a white pages listing, rather than a yellow-page add would, in fact, be more beneficial for those who need the aide of Narcotics Anonymous; while additionally providing a source for significantly cutting current costs.
 1. Statistical data to be gathered, regarding web-link utilization, before next month’s meeting.
 2. PI Committee Chairperson also to obtain copy of current contract for review by MHASC, in order to allow analysis of contract commitments, renewal clauses, potential changes to negotiate, etc.

--Motion tabled until next month’s meeting.

4. Outreach Sub-Committee’s proposed budget requirements for \$75.00 reviewed. No discussion necessary.
Motion placed to vote and **Approved** by 16:0:0.

MHASC Chair Report October 2, 2005

Hello all!

I have spent some time over the past month analyzing our budgetary issues. We are still in a negative cash flow situation. Through the first quarter, we are on the path towards an annual shortfall of \$4,393.52. Donations for the quarter are down slightly and expenses are significantly up. Current numbers would leave a projected shortfall of \$4,393.52, as compared to the \$1865.11 I reported two months ago. Please keep in mind that these numbers are only the actual figures of the past three months times four to project them out for the entire year, they will continue to change moving forward. We have taken in \$ 2,320.60 and spent \$ 3,418.98 in 3 months.

	1st Qtr 04-05	1st Qtr 05-06	Variance	Change %	04-05 Proj.	05-06 Proj.
Net Donations	\$ 2,350.61	\$ 2,320.60	\$ (30.01)	-1.28%	\$ 9,402.44	\$ 9,282.40
Expenses	\$ 1,569.10	\$ 2,168.12	\$ 599.02	38.18%	\$ 6,276.40	\$ 8,672.48
Transfers	\$ 1,217.86	\$ 1,250.86	\$ 33.00	2.71%	\$ 4,871.44	\$ 5,003.44
Net Expenses	\$ 2,786.96	\$ 3,418.98	\$ 632.02	22.68%	\$ 11,147.84	\$ 13,675.92
Projected shortfall for year						\$ 4,393.52

Here are some suggestions to improve our financial situation:

1. Support Activities so they get better attendance and, therefore, give us a better “bang for our buck”. Last year, Activities net cost was \$880.69. Break even would make a huge difference; to actually make money would be even better. It is not my intention to *only* approve activities that will make money for the Area. It is my intention to *support* all events so they will be profitable to the Area by encouraging better attendance and participation. We can do that by distributing fliers, announcing activities at every meeting we attend, and going to the events. I am asking you all to announce, support, and attend all Area events.
2. Reach out to isolated Groups. I have been receiving feedback from various individuals who were active in Area meetings years ago that the atmosphere is much more positive than in years past. We need to encourage Groups who have become alienated from this Area to attend and participate in this positive atmosphere. I am asking Outreach to take action *now* and reach out to these isolated groups. I am asking for this body to support Outreach in these efforts by becoming an active member of Outreach.
3. Maintain adequate levels of literature to reflect the needs of the Area and buy at the best discount possible. We do make a small profit on Literature Sales. Our Literature Subcommittee is keeping track of inventory electronically; on hand, sold, and bought in order to minimize non-moving stock. We are now able to better track and supply our needs without purchasing slow-moving items. We can also expect minimal backorders going forward.
4. Continuously monitor our financial situation and make sound financial decisions at the Area level. I am keeping close track of our donations and expenditures and creating informative financial spreadsheets to utilize as we move forward.

I also reviewed our Literature Subcommittee inventory in an effort to determine the merits of setting up a booth at CRCNA XIX for alternative merchandise. We have a total of \$ 1,899.72 in inventory that will take 12 or more months to sell at current rate. Of that, \$1030.04 is in key tags and medallions, leaving \$ 869.68 in remaining slow moving stock. Of that \$ 869.68, we have \$ 274.05 of CD-ROM's and Recovery Tapes. I am not convinced that we can benefit a great deal by selling any or all of these items at CRCNA XIX.

I welcome any suggestions as to how I can facilitate this body in accomplishing our primary purpose. My email address is danthone@juno.com. My cell phone number is 303-570-3342.

Next month's meeting will be held on November 6, 2:00 P.M. at 1212 Mariposa.

Thank you for letting me be of service.

Dan A

MHASC Vice Chair Report
October 2, 2005

I was able to achieve my goal of attending at least one different meeting each week (i.e. meetings I do not usually or have never attended) over the last month.

If you are a subcommittee chairperson and have any concerns, thoughts, requests or suggestions regarding my attendance at your meetings, please discuss with me privately.

If any of your groups see any benefit in my attending your group conscience/business meeting please let me know. I was not invited to attend any group's conscience/business during the last month. If your group would like my attendance at your conscience/business meeting, please let me know and I would be honored to attend.

MHASC Secretary Report

October 2, 2005

Greetings and Salutations, from your newly elected Secretary Jillian S.

Foremost, I wish to express my gratitude in being given the opportunity to be of service, to both Narcotics Anonymous and specifically to the MHASC. I will endeavor, with the help of my Higher Power and my fellow MHASC members, to perform the duties of the Secretary position to the best of my abilities.

I would request at this time however, in order to facilitate my learning and aid me in keeping track of the motions being presented and seconded, that those involved in such processes not only introduce themselves in the traditional manner, but also by the group they are representing. This would aide me in, not only becoming more familiar with all the members present, but also in keeping accurate records as to which groups are proposing the motion(s) originally and which groups are seconding the motions presented; in order that this information may be accurately represented within the meeting minutes.

Secondly, I would request that E-mail copies of all the administrative and Sub-Committee reports be sent to me as soon as possible; allowing me to complete and subsequently distribute the meeting minutes to all concerned in an efficient and timely manner.

Thank you all for your cooperation and support and I look forward to working with all of you, in our common purpose of spreading the message and providing help to the addict that still suffers.

With Gratitude for the opportunity to be of service,

Jillian S.,

RCM Report to the MHASC
October 2, 2005

Hello Mile High Area,

Erin and I went to the Regional Meeting in Montrose. We discussed the 12 step calls forming here in the Mile high area. The consensus is that the Colorado Region is behind this effort 100%. It was brought up that this is what NA is founded on, this is what we do, so why even question. As far as the legal liability issue; there are several things, one is that there is liability in everything we do; another point was that it is sad that our service structure has become so political that we stop ourselves short of carrying the message. There were a few suggestions on how to organize this effort; make sure the volunteers have at least one years clean and have working knowledge on the 12-steps, call and listen to what the World has to say, if we are going to offer this service DO NOT drop the ball, never go alone. I hope this information helps the outreach in their question of 12 step calls.

We also discussed the high prices in gas and the possibility to have region in a more central location. It is suggested that RCM's submit a budget for gas to attend the region. The question is how do we go about figuring the mileage for gas?

H&I Subcommittee Report: October 2, 2005

Our subcommittee meeting was held on September 11th with 19 in attendance. We held a training session with 3 people present and have placed them in various facilities. Jefferson Hills Girls facility is now up and running with 2 meetings per month and has been added to our facilities list. I will be giving a copy of the list to Krys so the H&I website can be updated.

The Rite of Passage facility should be getting started later this month. We are no longer taking meetings into the Wright Center as the facility is closed for now. If it does open up as a another rehab facility we will see about getting back in. We also have a possible meeting pending at the Peer 1 men's facility, we are in the process of checking out the requirements and I should have more information next month.

I am submitting a budget for the next 2 quarters and have reduced it to the best of my ability as it is hard to predict how many facilities may be added in the future. As of right now this budget meets the needs of our current facilities. Budget breakdown for 3 months includes all literature and estimated printing costs. This amount comes to \$1,080,00 per quarter and as far as I can see this is the lowest budget H&I has ever submitted.

Things have slowed down at the Lowry base and addicts are getting out to area meetings I have been going out there to check on the literature and there are still plenty of meeting lists there. There is only a handful of people still at the facility and they will be out of there by mid October. The H&I workshop at CRCNA will include a training session for people wanting to do H&I in their areas. I hope we have a good turn out and am requesting that the GSR's announce this at their home groups.

Our next subcommittee meeting will be October 9th at 5:00 pm 6750 Carr St. in Arvada.

In loving service,
Marilou L. H&I Subcommittee Chair

October (10/2/05), Monthly Report for Mile High Area Outreach Committee

The Outreach Subcommittee meets on the second Sunday of the month at 6:00pm, 6750 Carr St. There were eight members present. We have been steadily growing and could always use more help.

We received and answered letters this month. We sent one book with the funds from "Surrender to Win"

Adopt a Meeting summary: We have completed the three month cycle with the "Young at Heart" group and will do a follow-up with them.

The 12 Step Group program. I was tasked with getting more information from WSO about liability and to resend the proposal to several groups. I am sorry I did not contact WSO in time for them to get back with us. I will let you know next month what their thoughts were. I emailed the proposal to the folk's who requested it, however I did not have an accurate addresses for three of them. I brought hard copies today for those who have not received it. We did get feedback from the region on the project. I just want to summarize what we have so far, if I missed anyone's comments, please let me know.

- We have 9 volunteers, all from one group
- This is a basic NA service--remark from several places
- While there is a risk, everyone know going in and are making a personal choice.
- Adequate training will help bring the risk down
- Knowing and following the procedures to avoid going to someone's home will bring the risk down. - Make sure people know they can walk away at any time
- We could just never go to an addicts house
- Many were concerned about the financial liability -we will get guidance from WSO
- Look into getting a release form
- Rides would be a very worthwhile idea- seven people volunteered
- Clean time requirement had a number of responses, one year was the average, working the steps was more important, one year plus having worked all 12 steps
- Outreach has allot to do, they should concentrate on reaching out to groups and not over-commit with this project
- 12 step calls should just happen naturally; it does not need to be organized
- Keeping it out of the area structure would stop all liability issues
- should bring a few bucks to buy the person coffee or whatever
- This should be an absolute commitment-do not drop the ball
- Always go in twos and at least one should be of the same gender.

I reviewed the changes I made to the WSO meeting list website. Some of the changes were made, others were not, and one group just disappeared completely. I have contacted that group and hope they will get re-registered. I have paper forms for the other four groups. Please fill these out and send them in, or go online and update your meetings.

There was no Meeting on Wheels meeting this month.

We have finished the Adopt a Group guidelines. As I understand it, changes to the guidelines must be approved by the groups. Please bring these to your groups for approval. Most of the guidelines have already been approved. What we are looking at is the stuff that is underlined (that is the new stuff) on the last two pages under "Adopt a Group Project" and we added line 3 under Treasure on page two

We are having a Subcommittee picnic at Pioneer Park on Oct. 9th at 3:00pm to thanks all of the people who help write letters and all other outreach projects.

We submitted a budget of \$75.00 for the quarter to cover postage and copies. This is the same as last quarter.
