ADMINISTRATIVE OFFICER'S REPORTS

Chairperson's Report:

Hello and Happy Summer to all Trusted Servants,

Well here we go the start of a new.

Last month I met with Brian from Ray of Light to go over some Do's and Don'ts of Public Information. They had already met with another member and seemed to be comfortable going forth. There was concern about the amount of literature they had. I want to thank Mike P. for coming through and getting additional literature to them. I did manage to get by their booth at the Fair, it was good to see Narcotics Anonymous represented.

Saturday 7/11/09, I went to Pueblo to assist in a workshop to help them decide on whether to reform as an Area or not. It was good to see a core group of addicts there wanting to establish a clear NA message. It made me grateful for what we have here at Mile High.

I'm looking forward to finishing the guidelines. All though tumultuous at times, I believe when we are done it will benefit the area greatly.

I'm also looking forward to working with the Sub-Committees, helping them build committees and develop their respective areas of service to better carry the message of NA throughout the Mile High Area.

It may look like I'm dictating what groups should be doing, that is not at all the case. I have a lot of experience to offer the Area and only suggest, while depending solely on a Higher Power guided by Group Conscience, we can accomplish many great things this year, so let's get out of the circular firing squad and get on with the task at hand.

In Loving Service,

Mac

Vice-Chairperson's Report: No written report

Secretary's Report:

Groups - If you would like your reports included in the minutes – fill out group report form and turn it in before end of area.

Subcommittee chairs, please turn in written report or email report within 7 days to mhasccsecretary@gmail.com

I am passing around an email list, if you would like to be included in area email distribution.

The introduction of our basic text states that “everything that occurs in the course of NA service must be motivated by the desire to more successfully carry the message of recovery to the addict who still suffers...we must always remember that as individual members, groups and service committees, we are not and should never be in competition with each other. We work separately and together to help the newcomer and for our common good. We have learned, painfully, that internal strife cripples our fellowship; it prevents us from providing the services necessary for growth”.

My hopes for this area are to move forward with this in mind, not to move backwards to the events that transpired last month. I cannot control the actions of others, but from this point forward will not allow the unconscionable acts of others to go unnoticed.

Contrary to circulated emails and motions by a group, the area planning Ad-Hoc committee with input from groups and area exercises, compiled a list of goals – these were.

2) Guidelines

- Make voting more easily understandable to all
- Roberts rules of order vs. consensus based decision making
- Review/rewrite /guidelines

We need to move forward, with all the goals of the area planning tools in mind, and in a spiritual manner

In loving Service,
Patty H.

SUBCOMMITTEE REPORTS

Activities Subcommittee

July 12, 2009

The Activities Subcommittee has an awesome event coming up. The Luau will be July 25th from 2:00 to 8:00 pm at the state park at 4201 S. Parker Rd. It is on a swim beach, so all are encouraged to wear the appropriate attire. There will a meeting, Volleyball, Limbo, Tug of War, possible Hoola Hooping contest, and Hawaiian Pizza. We went and checked out this location this last month, and it's absolutely perfect for this event. We are going to have a blast!

Our Summer Calendar has come along great. With the calendar for July & August on the front, we have also put the flyers for these event on the flipside. This has been working so well, that we are considering extending it through fall and winter, and so on a so forth. If your event isn't on the calendar yet, please get the details to me as soon as possible, so I may add it on. Thank you to all who have already done so.

We have been trying to plan a luncheon with a live hookup to the Saturday night speaker meeting at the world convention in Spain on August 22nd of this year. But due to lack of Area funds this month, I don't think that we're going to be able to get the \$50 registration fee sent off to world on time. We will be discussing this issue much more at our next meeting, which will be at JFT Sunday, July 19th @ 1pm.

As I hope to build a subcommittee of more than 2 people, I would encourage all who are even slightly interested in helping out to attend our next meeting. Also, if you have any ideas for future events please join us at our subcommittee meeting.

I have a lot of ambitions and ideas, and am very passionate about this subcommittee. I look forward to this next year. Thank you so much for letting me be of service.

Brittany L.

CRCNA Liaison: No written report submitted

Hospitals and Institutions:

The H&I Subcommittee met on June 21, 2009 at 5:00 p.m. with only 11 in attendance. The poor attendance was due in part to the fact that the meeting was held on the 3rd Sunday, instead of the usual 2nd Sunday.

Due to the low attendance, the subcommittee decided to postpone the election of new service positions until our July meeting, which will be held immediately following the ASC. Also, no subcommittee issues were addressed; the panel coordinators that were present discussed a few facility specific issues and ordered literature.

This month's meeting is a training meeting and anyone interested in getting involved with H&I or just learning more about what we do is welcome to attend.

Thank You for Allowing Me to Be of Service,

Lou S.

MHASC H&I Chair

Literature Subcommittee:

This first month doing literature was a little challenging. As most everyone knows; last month there was no literature. I placed the order for this month with the substantial backorders taken into consideration. Also, I tried to order enough to fill this month's orders.

I am actively creating a subcommittee right now. Several addicts who have been helping out are willing to participate in a more organized subcommittee. I feel that it is very important that there be a vice-chair, who is learning this process over an extended period of time, to possibly make a very qualified candidate for the job come election time.

If anyone has any concerns, questions or suggestions, I would greatly appreciate hearing them. Thank you for letting me be of service.

Mike P.

Outreach Subcommittee:

Outreach July 12 2009

We attended Clean and Serene business meeting for their concerns and solutions about the area

1. Never intend to start a new area
2. Remember that the groups are the Area.
3. Elected members are trusted servants to the groups and to new members. The issues are GSR's not being heard
4. Mean spirited attitude
5. Area is more concerned with staying alive than serving the groups.
6. Format is not effective
7. Stop the meanness

8. Animosity defers membership participation
9. Is rewriting the guidelines serving the fellowship and how

SOLUTIONS

1. GSR's take charge of the Area
2. Area could do a 7th tradition to pay for hall rental
3. GST's should be the most knowledgeable persons at the area
4. GSR's represent their group not themselves

Correspondence coordinator - Teresa: about Dan A Oops, he's still slipping through, wrote him a letter but it was returned because we do not have a prison number for him. If you wanted to try a second time, which could work, depending on the guard working the mail rooms mood, please do. Send it directly to him and ask for his number. Once we get that, I will reassign to others.

2. We received 30 letters and responded with 26 - no books were sent this month
3. We need envelopes 250 would cost \$135 and we could not order post cards during these lean times. How many envelopes should we ask for? Just 250 will cost \$135. If we have
> \$12 left over in our summer budget after we get \$48 for 3 books, then I
> would submit a request for \$123 which would have to be voted on.

Phone Line Subcommittee:

The phoneline is ready to go online all the information has been recorded. 90% of the volunteer schedule is covered. I am lacking pertinent information such as the codes to the Qwest account so that I can forward the 832 –Drug number to our Accessline account. As soon as I get this information the new system will be up and functional.

As a member of this service body I am deeply concerned with the actions of certain members / former members of this service body. There has been an effort to undermine the entire foundation of the spiritual means by which we invite the guidance of a loving higher power in making decisions. "Our service structure depends on the integrity and the effectiveness of our communication" This can only be maintained in an atmosphere of honest, open, and straightforward communication. We depend on those that serve us to report on their activities completely and truthfully. The thought of trusted servants engaging in dishonest deceitful back room politicking is horrible the fact that it has happened right here is atrocious. There is little value in the survival of our service structure if our steps, our traditions, and our concepts do not survive with it.

The fourth concept states "Effective NA leadership knows not only how to serve, but when it will serve best to step aside and allow others to take over "I regrettably must step must step down as the phone line chair I believe that I have taken the actions of a few personally and it has clouded my judgment I have the desire to make it my personal mission to expose the wrong doing of others along with lies and deceit and I know that there is no room for personal vendettas in the selfless service for Narcotics Anonymous. I will of course assist in the completion of the transfer of services and freely give all the information to whoever shall take over

Thank you for allowing me to be of service

Public Information Subcommittee: CHAIR POSITION OPEN – NO REPORT

Training Subcommittee:

Dear Mile High Area Service Committee,

I have spent the last month trying to piece together what it is that I need to say here today. I have struggled to a great degree with how I would address and respond to the events I have recently witnessed and how to act in a principle-oriented way. I want to make clear two things from the outset. One, my decision to say what I am about to say was not a decision made rashly or in haste. It was a decision made from honest reflection and rigorous contemplation, both of which were rooted in the shared experience that creates the unity of the first tradition of Narcotics Anonymous.

Second, this decision was not made out of personal harm or injury that I felt was visited upon me. The reason for this is that I do not feel any personal harm or injury at all, even if some may perceive that is what I am feeling. This decision comes only from a place of deep love and commitment to the principles of Narcotics Anonymous and a desire to keep the message of NA clear so that no addict who has heard that message need die from the horrors of addiction.

I was recently shown a copy of an email that was sent to the secretary of the area. It was sent with a request that all of the GSRs emails be given to the sender of the email so that the sender could in turn circulate this propaganda ridden email to all the GSRs. The content, tone, and implications of the email were both grossly inaccurate and completely out of line. A group was singled out as being responsible for the instigation of certain service oriented actions that were leading to the dis-unification of the MHASC. Under the guise of concern for the area, the author accused this group of attempting to usurp power from the people who currently held this "power" (as if such a preposterous thing could ever occur because our servants do not have power as they are "entrusted" and they answer to us, i.e. they have our trust not any power). Among these so-called detrimental actions were the implementation of the Area Planning Tool, the inclusion of Consensus Based Decision Making into the MHASC guidelines, members of this group holding several positions at the MHASC (which I can only take to mean the author feared that soon all of the positions would be held by this group, again, preposterous), and the initiation of a guideline revision process that was said to be an attempt on the part of this group to make it easier for a single group to "take over the area". The implications of the email, which were many, indicated only one reasonable conclusion: Golden Group was the guilty party.

To discover that a single addict would have the audacity and manipulative mindset that it takes propagates the sort of lies that infected this email is troubling in and of itself. To have significant evidence that implicates the chairperson of the area as the author is even more troubling. And yet, more troubling still is what seems to be the result of this email: the blind support by several groups, groups which haven't been seen around the area for a number of months, which showed up at the June MHASC meeting to vote in nominees for several positions that were mentioned in the email. (Incidentally, those nominations that were presented and voted on at the last area meeting were done so in direct contradiction to the current guidelines.) The outcome of the last MHASC meeting combined with the proposal to stop the guideline revision process combined with contents of a scandalous email circulated among select members of the MHASC only seems to indicate that this was not all coincidence. If anything can be pointed to as a cause for dis-unification at the MHASC, it is this sort of rallying against nonexistent threats by factions of groups based on unreliable and erroneous information.

I will not get into a battle of sides. I will not denigrate myself to the level of petty "who-done-its". Regardless of who authored the email; regardless of whether or not the author explicitly stated Golden Group as the group they had in mind; regardless of whether or not the author had any understanding whatsoever about Consensus Based Decision Making, the Area Planning Tool, or service in general; regardless of whether or not the author of this email was attempting to rally support for their distorted cause, the fact that a group that has long participated and supported service in and around the Denver area was IN SECRET singled out and accused of such ridiculous misdeeds is both cruel and completely disgraceful. I am appalled that this sort of behavior is not only left unaddressed but is supported and encouraged. When a member (who I might remind you is the person that you as a trusted servant are responsible to) stands up and asks for the letter to be brought out into a service meeting and is met with looks of false confusion and disgust, that addict is completely right to throw up their hands in disbelief. It is well known at this point that several members of the MHASC had read the letter and talked about the letter. Then, to further gloat on a public Internet site about how well the corruption went is just deplorable. This makes the issue very clear for me: **THE MHASC MEMBERS INVOLVED IN THIS SCANDAL HAVE FAILED TO FULFILL THEIR RESPONSIBILITY TO THE MEMBERS THEY SUPPOSEDLY SERVE.**

The actions taken by many members of this service body have left me feeling heartbroken and betrayed. I look to the service bodies of NA to do what I as an individual addict cannot do and that is make available to the still suffering addict the message of Narcotics Anonymous. What I do not expect a NA service body to do is adhere to anything other than what we as a fellowship have collectively come to understand as the principles that should guide our service. Those are clearly spelled out for us in the literature, through the WSO, and through the voices of those that have come before us. To not listen to this information or to muddle the message by tolerating outside influences is not only foolish but also

treacherous. I have witnessed time and again this body throw off the advice of members with a great deal of experience and not listen to members who are speaking directly from the literature. This sort of thing is inexcusable and arrogant. I am stepping down as the Training Chair of the MHASC. I am doing this because of many of the reasons that I have just laid out. The most pressing reason, however, is that it has become clear to me that the MHASC wishes to blaze its own trail and do service in the name of NA the way that the MHASC sees fit as opposed to remaining rooted in the principles laid out by our fellowship. This is something that I cannot be a part of. I love NA too much to participate in something that so grossly distorts the principles of NA. "As long as the ties that bind us together are stronger than those that would tear us apart, all will be well." All is not well, Mile High Area Service Committee. The ties that bind us are in jeopardy. Though just for today I will forever remain in service to Narcotics Anonymous, I will not play a part in something that could ultimately end up killing addicts.

In service to Narcotics Anonymous,
Keegan W.

SHARING SESSION :

ACCOUNTABILITY OF MHASC TO GROUPS THEY SERVE

1. Subcommittees – Ray of Light asked the PI Subcommittee asked for help at the Pride Fest booth – which they committed to – the subcommittee, did not follow through and show up. If this was a presentation to law enforcement we would have failed in our efforts. PI SUBCOMMITTEE CHAIR IS AN OPEN AREA POSITION.
2. Transition in new guideline revisions – already stated
3. Who takes care of subcommittee in the absence of a chair – vice chair, administrative committee?
4. Groups want the services of the body – service structure is run on a skeleton crew – support is desperately needed to support the services requested
5. Administrative committee is not the area, the GSR is the area – subcommittees need support

WHITE ELEPHANTS

1. Do not focus on the emotionally charged aspects of situation (email) don't feed the frenzy. Concepts state the process for solving grievances'
2. People make mistakes and do things differently. Do not get involved in finger pointing, find solutions. NA is not broken – just go with it.
3. Concept 10 - Redress of personal grievances
4. Move beyond the drama and focus on the solution – Alan acknowledged his part in the email and stated he would discuss with anyone after meeting
