THE TWELVE STEPS OF NARCOTICS ANONYMOUS

If you want what we have to offer, and are willing to make the effort to get it, then you are ready to take certain steps. These are the principles that made our recovery possible.

- 1. We admitted that we were powerless over our addiction, that our lives had become unmanageable.
- 2. We came to believe that a Power greater than ourselves could restore us to sanity.
- We made a decision to turn our will and our lives over to the care of God as we understood Him.
- 4. We made a searching and fearless moral inventory of ourselves.
- We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
- 6. We were entirely ready to have God remove all these defects of character.
- 7. We humbly asked Him to remove our shortcomings.
- We made a list of all persons we had harmed, and became willing to make amends to them all.
- We made direct amends to such people wherever possible, except when to do so would injure them or others.
- 10. We continued to take personal inventory and when we were wrong promptly admitted it.
- 11. We sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.

12. Having had a spiritual awakening as a result of these steps, we tried

to carry this message to addicts, and to practice these principles in all our affairs.

NARCOTICS ANONYMOUS, Chapter Five What Can I Do Pages 44-45

A meeting a day for at least the first ninety days of recovery is a good idea. There is a special feeling for addicts when they discover that there are other people who share their difficulties, past and present. At first we can do little more than attend meetings. Probably we cannot remember a single word, person or thought from our first meeting. In time, we can relax and enjoy the atmosphere of recovery. Meetings strengthen our recovery. We may be scared at first because we don't know anyone. Some of us think that we don't need meetings. However, when we hurt, we go to a meeting and find relief. Meetings keep us in touch with where we've been, but more importantly with where we could go in our recovery. As we go to meetings regularly, we learn the value of talking with other addicts who share our problems and goals. We have to open up and accept the love and understanding that we need in order to change. When we become acquainted with the Fellowship and its principles and begin to put them into action, we start to grow. We apply effort to our most obvious problems and let go of the rest. We do the job at hand, and as we progress, new opportunity for improvement present themselves.

Our new friends in the Fellowship will help us. Our common effort is recovery. Clean, we face the world together. We no longer have to feel backed into a corner, at the mercy of events and circumstances. It makes a difference to have friends who care if we hurt. We find our place in the Fellowship, and we join a group whose meetings help us in our recovery. We have been untrustworthy for so long that most of our friends and families will doubt our disease and the recovery process. At meetings we can share with other addicts, ask questions and learn about our disease. We learn new ways to live. We are no longer limited to our old ideas.
